

PRINCIPAL NAVIGATIONS, 1598-1600

The two middle columns indicate

- a) the state of the Cadiz leaves, if present: original printing of 1598 (A); reprint of *c.* 1720 (B); reprint of *c.* 1795 (C); facsimile (D)
- b) the state of the Wright-Molyneux world map, if present: first state, with a single cartouche in the South Atlantic (1); second state, with another cartouche located in the South Pacific (2)

+ before the note indicates those copies which lack the title-page (and thus the date) of vol. 1, making it impossible to distinguish between the two issues, *STC* 12626 and *STC* 12626a.
